Air Travel

Columbus International is a one hour drive from Zanesville.
Dayton International is a two hour drive to Zanesville.
Both airports are served by many major airlines.

Guarantee

All cattle sell under the suggested terms and conditions of their respective breed Association. All animals are at the owners risk and become the property of the purchaser as soon as declared sold. As we have no control over acts of God, we cannot guarantee these cattle against death, loss, injury or accident. We guarantee cattle to be healthy on sale day.

Pregnancy

Cattle have under gone an ultrasound, palpation or blood test evaluation to confirm pregnancy by a licensed veterinarian, even so a live calf cannot be guaranteed due to injury, illness, nutrition, or other factors not in sellers control. Each cow identified as pregnant is guaranteed pregnant at sale time.

Online Bidding

Online bidding available through LiveAuctions.TV

To watch or bid online, visit liveauctions.tv and register for bidding prior to the sale. If you have any questions, please call LiveAuctions.

Terms & Conditions

Terms of the sale are cash or good check, payable in U.S. funds. Settlement is to be made on sale day. Cattle will not be transferred until paid in full. All animals sell to the highest bidder. Any disputes regarding bids will be settled by the auctioneer and his decision will be final.

Health Status

All cattle will sell with individual health papers for immediate shipment.

Announcements

Announcements and/or information from the auction block will take precedence over any previous information in this catalog or private discussions.

Animal Liability

At the declared time of purchase the new owner(s) become responsible for the animal. Each animal becomes the property and liability of the highest bidder at the drop of the auctioneer's gavel.

Liability

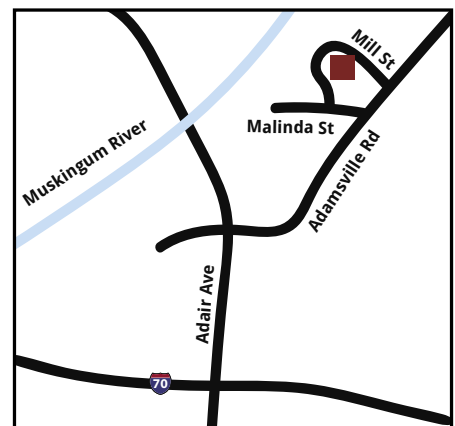

All persons who attend the sale do so at their own risk. The sale consignors, staff and auction facility assume no liability legal or otherwise, for any accident, loss or illness that may occur.

Animal Removal

All cattle must be removed from Muskingum Auction Facility by Sunday October 1, 2023 by 5:00 PM. Removal of cattle from the Sale Facility will not be allowed until settlement is complete.

Sale Location

Muskingum Livestock
Auction Company
944 Malinda St.

Phone: 740-452-9984
Manager, Denny Ruff

Welcome!

Fellow Cattlemen and Cattlewomen,

On behalf of the Cattlemen For Cattlemen Sale group, it is our pleasure to invite you to our 5th annual 2023 Cattlemen for Cattlemen Female Sale held on September 30, 2023 at 6:30PM at The Muskingum Livestock Auction Facility in Zanesville, Ohio.

Our sellers have assembled an outstanding group of females that will welcome your most critical inspection. They are representative of our herds and are cattle we are proud of. These females are expected to perform in reproduction and growth to make a positive impact in your herds and provide pride of ownership. Our sellers will stand behind them according to each breed association's guidelines. All females have been confirmed pregnant by a licensed veterinarian through ultrasound, palpation or blood test unless otherwise noted in the catalog. When possible, we have provided an estimated calving date (ECD) in each female's profile.

We encourage on farm visits prior to sale day that bring you up close and personal with the cattle and the folks who raised them. We very much enjoy having you visit as it brings a personal aspect to creating successful herds for all of us. This not only helps you choose well for your herd but also helps us provide the cattle each year that will help you attain your herd goals.

If you are unable to attend the sale in person, consider a farm visit prior to the sale and then participate through LiveAuctions.TV on sale day. Visit the website LiveAuctions.TV and follow the prompts for setting up as a bidder. If you have any questions or need assistance with LiveAuctions.TV please call them at 682-816-4900.

We look forward to seeing you at this year's sale. With the cattle environment looking very positive, we are feeling excited about the beef industry's future! Positive vibes prevail.

Sincerely,
Laurie Ferguson, Matt Brown and Matt Horst
Representing the C4C Sale Group

PS: Food service on the evening of the sale will be available at the cafeteria located at Muskingum Livestock Facility (location of sale).

Everyone loves a baldy heifer and we love this one. She is long fronted, straight in her lines, soft pasterned, and good footed. She will make an excellent addition to any herd. Her grandsire Power Drive, was a leader in the industry for his great structure and growth. Hallie is halter broke and easy to handle. Video and information about her granddam, our donor cow Driving Miss Mille, is available at www.hopkinssimmentals.com

This baldy female has the EPD traits to produce some high selling cattle in her future. She's long spined, deep bellied, and as sound as you can make one. Her grandsire Dream On, has been one of the most popular sires in the Simmental breed for calving ease and growth. Melody is halter broke and easy to handle. Sexed female semen was utilized in some A-I services. While it markedly increases the odds of a heifer calf by this mating, it is not a guarantee.

SEEDSTOCK MARKETING

The first step to qualifying for the Certified Angus Beef® (CAB®) brand is a solid genetic foundation. For a quality-focused Angus seedstock business, it only makes sense to link to the world-class branded beef program that you own. Doing so with a plan can help build relationships and make everybody in the chain more money.

The root of CAB's mission is to build demand for registered Angus cattle. We do that through a specification-based, superior beef product, but we also work to help those dollars flow back to cattlemen at all levels of production.

One of the best ways to help capture some of the CAB premium is by marketing bulls with genetic potential to perform from pasture to plate. Leverage the marketing materials below to tell the story of how you target the brand.
